

# The Universal Subscription Questionnaire (USQ) is live

## USQ provides Standardised Investor Onboarding

The Universal Subscription Questionnaire is the latest feature of The ID Register. It has been developed with support from leading legal practices to standardise the questions required within fund subscription documents. Investors complete their information once and share it across each fund in which they invest. Funds launch faster and with less risk and hassle. Legal firms are better able to support larger and more complex fundraisings.

### How can the USQ work for you?

#### Invite

Invite prospective investors to complete a USQ or connect to investors that have already completed their questionnaire.

#### Complete

Each investor can login or register with The ID Register and be directed to the intuitive USQ, which only asks the questions relevant to that investor.

#### Connect

Once completed, investors can connect their USQ to each fund in which they invest. Investor onboarding is quick and cost effective.

#### Report

Funds and their counsel can download all investor information from the USQ as a PDF, allowing easy, standardised reviews.

*“The ID Register is nothing short of a revolution for the investor onboarding process in the private funds market.”*

Jason Ment, Partner, StepStone.
